

## **EACPT Scientific Award 2013**

This prize will be awarded for the best scientific paper on a topic relevant to clinical pharmacology published by a European clinical pharmacologist in the two years between the congresses EACPT2011 and EACPT2013.

The judgement will be made by the EACPT Executive Committee following nominations from members of the EACPT Council.

The criteria for the prize include scientific quality of the work itself, broader impact on science, and the importance of the work in the context of healthcare delivery. The award has a value of 2000 €.

Nominations should be sent to the EACPT secretary by 12 midday (CET), April 12, 2013. Papers should be published at least online by the deadline.
